

Dear Walk Leader

This form is designed to collect walk details for our Walks Programme from any walk leader without access to or not using the online 'Walks Manager' system. Please use one form for each walk you're able to offer. More copies can be provided or downloaded from the 'information for walk leaders' section of our website. See <http://www.sleafordramblers.org.uk/>.

Please send completed forms (or an email or written note containing the same information) to me at sleafordwalks@gmail.com or address at bottom of page 2. **Please note that if you choose not to use this form for your walk details, we'll still need your consent to publish your contact details, using the 'permission' section of the form below.**

Your walk details will be fed into the Ramblers national 'Walks Manager' system, which is linked to our Sleaford Ramblers website. A printed programme list can still be provided upon request or for anyone without online access, but may not include full details or updates made shortly before the walk date.

Please consider offering one or more walks for our programme, which depends entirely on offers from volunteers. More experienced members will be happy to advise or support anyone thinking of offering a walk for the first time, so please feel free to express an interest even if uncertain at this time. Please contact me if you have any queries or problems. With many thanks, in anticipation of more enjoyable walking together in 2025 and beyond.
Melanie
